

Scan-to-/File/Share Cloud Solution

The imagePROGRAF TX-3000 MFP T36 includes†: T36 Scanner, TX-3000 36-inch printer, Stacker, SmartWorks MFP software, All-in-One HD Multi-Touch PC, MFP stand

T36 Scanner

The T36 scanner incorporates a SingleSensor Technology Assembly, which helps provide consistent and better colour accuracy with more detail in the shadows and highlights than a staggered CIS array scanner††. Features • Scanning speed of up to 13 inches per second monochrome, 6 inches per second colour • Scan documents up to 2.0 mm thick • Face up / Front load / Rear exit • Straight paper path

TX Stacker

The new TX Stacker can stack up to 100 sheets of ARCH C, ARCH D, or ARCH E/E1 page sizes for increased productivity.

SmartWorks Software

SmartWorks MFP has everything you need to scan to print / file / share large-format technical documents. With real-time preview of scanned documents, all on a large screen - users can easily edit and print more efficiently. Upgraded to give you more features and capabilities than ever, this software includes: • Scan to Multipage PDF - Now Standard! • Mark-up and add Text to a previewed scan before printing* • Larger icons that now include text descriptions • Enhanced Admin rights • Fine Detail Scan Feature • Ability to customize background and presets • Image Enhancement Features: o De-skew o White Point o Black Point o Sharpen o Mirror o Invert

15.6" All-in-One Computer

The large, colour 15.6-inch flat panel HD touch screen makes it easy for users to preview and edit scanned images. The easy-to-use touch screen equipped with ten finger multi-touch technology makes one-button scanning/copying easier than ever, and the built-in USB ports allow users to load files to the hard drive of the PC for simple file management.

Software Suite

Canon offers a suite of free software available with all the TX Series printers: • Universal Print Driver - Only one print driver is required to manage the TX-3000 and TX-4000 - saving valuable

time and effort when installing new printers • Direct Print & Share1 - Canon's cloud portal file-sharing solution • Accounting Manager - Tracks ink and media usage and costs per print job • PosterArtist Lite - Create professional posters in 4 easy steps using Canon's poster creation software • Optimized Module for AutoCAD - Print directly from compatible AutoCAD software products • Print Plug-in for Microsoft Office - easily print large-format documents created in Microsoft® Word®, Excel®, or PowerPoint. • Quick Utility Toolbox - Portal to where all of the Canon printer software and tools can be accessed. • Device Management Console - Monitor the status of up to 50 TX Series printers! • Media Configuration Tool - Manage, update and arrange media information in the operation panel and printer driver.
