imageRUNNER 1643iF

Workflow Efficiency

Whether you're a small business or part of a workgroup, the imageRUNNER 1643iF can help boost operational efficiency. Scan and email documents or conveniently scan to/print from a USB memory stick. The ID Card Copy feature easily copies two-sided cards onto the same page. Extend your document management capabilities when you scan using the standard PDF (OCR) format. Mobile workers can print from compatible mobile devices. Application Library provides users with unique, customized device experience.

Security

Safeguard information with the imageRUNNER 1643iF models' security features. Canon's uniFLOW solution lets users securely retrieve documents from a networked device after authentication. Standard security features include the ability to send encrypted PDFs and add a digital device signature to PDF files. These models also include technology to verify that the device, firmware, and applications initialize without tampering. TX Archiving automatically forwards a copy of a fax to an administrator-defined destination. And with no hard disks in these models, confidential information is not stored locally on the device.

Quality and Reliability

With a first-copy-out time as fast as 6.3 seconds and output up to 45 ppm, the imageRUNNER 1643iF is a quick performer. Scan documents in black and white and colour to email addresses or networked locations. The 5" intuitive colour touchscreen display has smartphone-like usability. The standard 650-sheet capacity can be increased to 2,300 sheets to handle many jobs without interruption.

Fleet Management

An ideal replacement for single-function printers or older models, the imageRUNNER 1643iF can easily integrate into your network of Canon devices to help streamline and simplify management and maintenance. Even receive alerts when supplies or service calls are needed with imageWARE Enterprise Management Console and plug-ins.

Efficient Performance

Designed with your bottom line in mind, the Canon imageRUNNER 1643iF helps minimize costs and maximize reliabiity while the robust design helps ensure dependable operation. Canon's uniFLOW® software can help control costs by managing, tracking, and charging back usage. And simple-to-replace, high-yield consumables help keep work moving while achieving a low cost per page.

Sustainability

The imageRUNNER 1643iF is ENERGY STAR® certified and has a low TEC (Total Energy Consumption) rating.
